**Answer**

**No**

Additional housing in Cropwell Bishop will have a detrimental effect on the interconnection of surrounding villages and an impact on existing infrastructure. Traffic flow through Cropwell Bishop is already poor, improvements in infrastructure, ie healthcare facilities, roads, need to be made prior to the proposed development in order to mitigate the effects of any additional housing.

Site CBI02 – Land north of Memorial Hall(1)  
(estimated capacity around 90 homes)

For both of the proposed housing sites, you may like to give your views on what development should look like, in terms of the design, mix and layout of new housing and other uses (for example, open space) on site.

The additional housing will impact on the already overburdened and poorly maintained Nottingham Road, pushing traffic further out to smaller outlying villages, creating new 'rat runs'.
