Foreword

Introduction

Homelessness in South Nottinghamshire – key findings

Where we want to be: the challenges, opportunities and priorities

Delivering the homelessness strategy

The Homelessness Action Plan

Councillors Foreword

As the Housing Portfolio Holders for Broxtowe, Gedling and Rushcliffe councils, we are pleased to introduce South Nottinghamshire's second joint Homelessness Strategy. We would like to take this opportunity to thank all of the organisations and individuals who have contributed towards its development.

Since the South Nottinghamshire councils produced the first joint homelessness strategy in 2013, significant progress has been to improve services and deliver a range of housing initiatives, of which a number of examples are outlined within this Strategy. We recognise that at a time of increasing pressures on homelessness services due to factors such as welfare reform; rising house prices and increased funding challenges for support services, it is more important than ever to ensure that existing services are effective at rising to new and increasing challenges.

The strategy outlines the key homelessness issues in South Nottinghamshire and sets our priorities for action. We are determined to continue to work effectively with partners across the public, private and voluntary sectors to maximise opportunities to deliver this Strategy. If you think you can help us to deliver on these priorities please come and talk to us.

Cllr Richard Butler – Portfolio Holder for Sustainability - Rushcliffe Borough Council

Cllr Henry Wheeler - Portfolio Holder for Housing, Health & Well-being – Gedling Borough Council

Cllr Eric Kerry - Portfolio Holder for Housing – Broxtowe Borough Council

Introduction

The three Boroughs of Broxtowe, Gedling and Rushcliffe have strategic responsibility for meeting our legislative requirements under the Homelessness Act 2002. Section 1(4) of the Homelessness Act 2002 requires Local Authorities to publish a new homelessness strategy within a period of 5 years. This is the second joint homelessness review for the three boroughs; the last joint homelessness strategy was published in 2013.

The South Nottinghamshire Homelessness Strategy sets out how the three councils and our partners aim to tackle homelessness over the next five years.

By building on successful partnerships and service provision and by developing new and improved ways of working we can assist anyone who is threatened by or is experiencing homelessness in South Nottinghamshire.

The strategy sets the agenda, enabling us to continue to meet the needs of people in South Nottinghamshire and to eliminate the threat of homelessness from their lives which fully reflects the national priorities for a continued focus on homelessness prevention.

The South Nottinghamshire Homelessness Strategy sets out:

- The homelessness challenges facing South Nottinghamshire
- How the strategy was developed
- The key objectives of the strategy
- How we will deliver the strategy

The strategy sets the framework for improving access to housing. Supporting vulnerable people and minimising rough sleeping continue to be our priorities, together with a greater emphasis on developing clear pathways and effective preventive interventions.

Since publication in 2013, there has been significant progress through the implementation of South Nottinghamshire's first homelessness strategy through stronger partnership working between the three councils and our partners.

The strategy was based on the following main strategic objectives:

- No one should have to sleep rough in South Nottinghamshire
- All local authorities will work with partners to reduce the number of homeless applications they need to consider year on year
- All councils will minimise the use of Bed & Breakfast accommodation for homeless households, with the long term aim of ending it altogether
- Knowing that there is insufficient social housing to meet demand, all potentially homeless clients will get the help they need to access private rented housing
- All young people in South Nottinghamshire should learn about homelessness, realistic housing options, domestic abuse and healthy relationships in school
- All client groups with special needs will have clear and up to date referral pathways so that it is clear which agency is responsible for providing services to them at what time.

Key Achievements

The three Councils have worked effectively to improve homelessness services over recent years, examples of these achievements are outlined below:

- Delivering over 500 affordable homes through successful partnerships during 2013 to 2016
- Successfully bidding for funding to commission research into the accommodation and support needs of 19-35 year olds to identify current gaps, further challenges through welfare reform and identify opportunities to minimise negative impacts
- As part of a Nottinghamshire-wide consortium, successfully bidding for £370,000 of funding over 2 years to provide a county-wide rough sleeper service and extend street outreach services across Nottinghamshire
- Achieving 4,645 homelessness preventions from 2013 to 2016 across the three areas
- Successful provision and support of accommodation for 56 Syrian Refugees as part of the Syrian Vulnerable Person's Resettlement Programme and Vulnerable Children's Relocation Programme
- Successfully delivering Private Landlords partnership events, attended by over 60 landlords and letting agents
- Working with Broxtowe Youth Homelessness to deliver educational sessions to over 6,000 year 10 and 11 students in South Nottinghamshire to raise awareness, challenge stereotypes and equip young people with the knowledge to make informed housing choices and access support
- Utilisation of temporary accommodation at Hound Lodge and Elizabeth House to meet housing need across the three areas

- Contributing to the development of the County-wide Housing & Health Commissioning Group and the development of the Health and Wellbeing Plan, including identification of best practice pilot schemes
- Reviewed the implementation of the new Housing Allocations Policy and the Choice Based Letting system to ensure that it is accessible and meeting the needs of local residents.

The three South Nottinghamshire boroughs of Broxtowe, Gedling and Rushcliffe have a strong track record of collaborative working between the three areas and with other partners to prevent and relieve homelessness. This includes operating with a joint choice based lettings system for the three areas and broadly aligned allocations policies. The three councils also collaborate closely on issues such as the provision of temporary accommodation. Additionally, the councils work closely with Nottinghamshire County Council which has responsibility relating to a range of functions linked to homelessness, such as relating to younger persons supported accommodation as they hold the duty to assist under 18 year olds.

The South Nottinghamshire councils are fully aware that effective partnership working is essential to delivering this homelessness strategy. There are a range of partnerships in place to deliver and monitor the strategy. Notably, the South Nottinghamshire Inter Agency Homelessness Forum was established in July 2012 to bring together a wide range of statutory and voluntary agencies involved in preventing homelessness and providing services to homeless people. The shared strategy and its action plan are far from being the only or main reason for the forum, but they are intended as a focal point to which all partners can contribute their actions and achievements and build a joined-up picture of the services available. The authorities have undertaken to report progress against the action plan to the forum on a regular basis, making it transparent and accountable, and avoiding the possibility that the action plan could be “left on the shelf”.

We fully rely on effectively working with our partners; our local communities; large and small private sector bodies ranging from developers and construction companies to private landlords; the broader public sector and our local third sector.

We recognise that we are all working to achieve the same goals and that it is in everyone's interests for South Nottinghamshire to have homes where people can thrive. However, we also understand that each of our partners will have their own considerations to take into account which may require a different approach to reflect local circumstances. Effective partnerships across all sectors built on a foundation of trust and mutual respect will enable partners to meet the key challenges identified in this strategy.

The last five years has provided very significant challenges with regard to preventing and relieving homelessness. Most notably, a reduction in the availability of support services has meant that housing options teams are dealing with increasingly complex workloads and clients with often very significant needs, including mental health. The reduction in support services means that clients who previously could approach specialist support services at an early stage are now approaching housing teams when they are at crisis point.

This means that it is more important than ever to ensure that the existing services are effective at rising to new and increasing challenges underpinned by strong partnerships.

Homelessness Reduction Bill

The increased Government focus on homelessness prevention is welcome. The Homelessness Reduction Bill, reforms the homelessness duties placed on local authorities to intervene at earlier stages to prevent homelessness which more closely reflects current legislation in Scotland and Wales.

The Bill is seeking to amend Part 7 of the Housing Act 1996 and requires local authorities to provide new homelessness services to all individuals affected, not just those protected under existing legislation. Its measures include:

- An extension of the period during which an authority should treat someone as threatened with homelessness from 28 to 56 days.
- Clarification of the action an authority should take when someone applies for assistance having been served with a section 8 or section 21 notice of intention to seek possession from an assured shorthold tenancy.
- A new duty to prevent homelessness for all eligible applicants threatened with homelessness, including providing a personal housing plan and keeping such assessments under review until any accommodation duty is discharged.
- A new duty to relieve homelessness for all eligible homeless applicants.
- A new duty on public services to notify a local authority if they come into contact with someone they think may be homeless or at risk of becoming homeless.
- Provision of personal assessments.

The new duties will have a significant impact on the way in which homelessness prevention services are delivered and how services will link to wider support such as training, employment and health to increase resilience to homelessness.

Homelessness in South Nottinghamshire – Key Findings

The extract data below provides a summary of housing need in South Nottinghamshire which has helped to inform the key priorities for action. Whilst this data provides a base of information for the purposes of the Strategy, it should be noted that a host of evidence is considered when making decisions as to where to allocate resources.

Rough Sleepers

The three Boroughs undertake a count of rough sleepers every year as a single night snapshot in partnership with a range of local organisations. This data is submitted to the Department for Communities and Local Government in order to provide a national overview of the extent of rough sleeping. Data for the three Boroughs is as follows:

	2013	2014	2015	2016
Broxtowe	0	0	0	1
Gedling	0	0	0	0
Rushcliffe	1	0	3	0
England	2,414	2,744	3,569	4,134

Whilst the snapshot rough sleeper survey provides a useful overview of the extent of homelessness on a given night, the Nottinghamshire Homeless Watch survey provides a more comprehensive overview of the extent of rough sleeping in the County. The last survey report is available at:

http://www.rushcliffe.gov.uk/media/rushcliffe/media/documents/pdf/housing/HLG_finalHWreport2015.pdf

Private Rental Costs

Broxtowe – lower quartile rents and Local Housing Allowance (LHA)

	Rents 1 October 2015 – 30 September 2016 (£ per month)	LHA (£ per month)	Shortfall (£ per month)

1 bedroom	425	393.90	31.10
2 bedrooms	475	469.13	5.87
3 bedrooms	516	521.26	(-5.26)
4+ bedrooms	600	656.50	(-56.50)

Source: Valuation Office Agency (VOA)

*Whilst LHA rates do not reflect exact geographical borders of the Borough Councils, the LHA rate which applies to the majority of the Council boundary has been used.

An evaluation of lower quartile market rents identified shortfalls in LHA levels against lower quartile rents across the South Nottinghamshire Boroughs, with the only property types falling within LHA levels being shared properties in Broxtowe and Gedling. There are shortfalls in LHA levels for 1,2,3 and 4+ bed properties across the South Nottinghamshire Boroughs, especially on larger properties, with the most extreme example being a shortfall of £283.50 per month on 4 bed properties in Rushcliffe. This shortfall appears to be an emerging trend in the South Nottinghamshire Boroughs. The disparity between LHA and average rents means that for people on housing benefits, many properties, are unaffordable, resulting in people with least disposable income being in poor quality, insecure accommodation.

Where we want to be: the Challenges, Opportunities and Priorities:

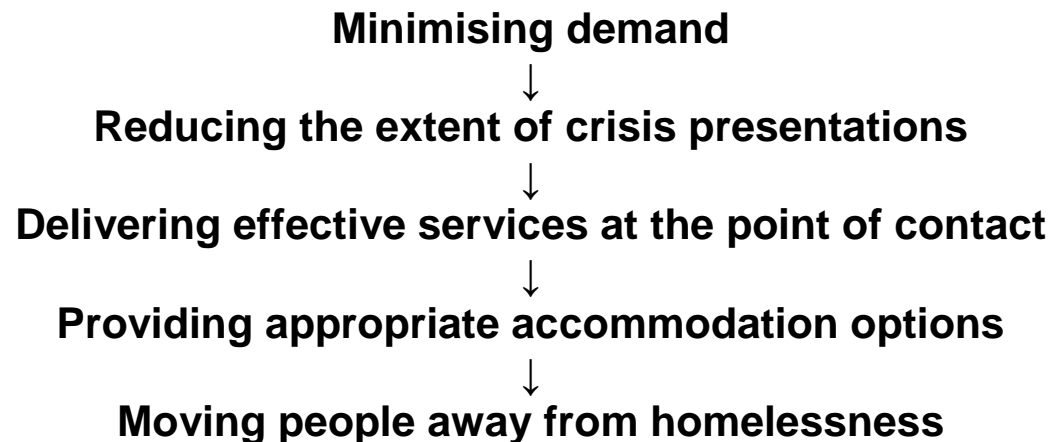

The Challenge in South Nottinghamshire

Within South Nottinghamshire, we wish to work in partnership to reduce homelessness and minimise the negative impacts on our resident's lives. In order to achieve this, we have consulted widely with our partners to establish five key challenging but achievable objectives as stated below.

The objectives have been agreed in the context of current challenges and opportunities including relating to welfare reform; reductions in wider support for people at risk of homelessness and an increasing need to focus on prevention.

Priorities

The priorities within the strategy are based on the following principles:

1. Minimising Demand

We will work on a strong multi agency basis to minimise the demand for homelessness services. We will deliver interventions to ensure that households know where to access advice and support at the appropriate time that assists them to avoid or deal with issues that could lead to homelessness. We will seek to work with partners to engage with young people to provide a consistent message about the difficulties of leaving home at a young age, the realities of housing choice, including affordability and the likelihood of needing to share accommodation.

Outcomes: How we will know we are there:

- There will be a choice of homes and tenures which meet a range of housing needs including for people with mental and physical health issues
- There will be effective engagement with young people around homelessness and its consequences
- There will be less homelessness
- The impact of welfare reform will be mitigated through the early identification and provision of interventions for affected households

To achieve this, we will:

- Work in partnership across the three Boroughs and with other partners to educate people in the reality and risks of being homeless
- Monitor the impact of Welfare Reform to both households and the housing sector and seek to minimise negative consequences
- Ensure good quality information and advice is available to prevent homelessness
- Ensure that our Allocations Schemes are easy to use and appropriately prioritise people in housing need
- Continue to work effectively and in a collaborative way across all three Boroughs and with other partners relating to homelessness prevention
- Work with partners to promote independent living skills and prevent relationship breakdown

- We will work with landlords across tenures to enable them to accommodate people in housing need, including those with support needs including mental and physical health issues
- We will seek housing and support solutions for people with specific needs and ensure there is equality of access

2. Reduce Crisis Presentations

Agencies across South Nottinghamshire have opportunities to reduce housing crisis amongst their core client groups. This can be achieved by working in a more joined up way to identify those households at high risk of homelessness by making sure agencies can recognise the indicators of housing stress and be able to act appropriately to prevent homelessness. Every opportunity should be taken as early as possible to prevent homelessness.

Outcomes: How we will know we are there

- There will be a more straightforward and transparent system to access affordable homes of all types
- There will be a reduction of households presenting as 'homeless tonight'
- there will be no 16 - 17 year olds placed into Bed and Breakfast accommodation
- There will be fewer families placed in to emergency accommodation

To achieve this, we will:

- Seek to offer consistent advice and assist at the earliest opportunity
- Ensure Homelessness Services are approachable and easy to access
- Advise and enable mediation within families to facilitate a return home to allow for a planned move rather than one in crisis, where appropriate
- Utilise evidence to assess and seek to minimise future housing issues

3. Deliver Effective Services at the Point of Contact

We will ensure that households who approach services across South Nottinghamshire will be able to access effective advice and assistance to prevent homelessness, either by enabling them to remain where they are or by facilitating a move into more appropriate accommodation.

Homeless households will be able to access pro-active homelessness prevention services, an assessment of need and a range of advice and options that will enable access to short stay or longer stay accommodation. These services will also provide access to other services promoting education, training and employment opportunities, health services, life-skills, debt and financial advice benefits advice. These will strengthen people's chances of resolving their housing problems.

Outcomes: How we will know we are there

- There are a range of housing pathways in place that enable people to resolve their housing difficulties
- There will be a reduction in the numbers of households entering temporary accommodation
- There will be effective services available by partners to assist people with a range of physical and mental health issues
- There is improvement in the health of homeless households and a reduction in the numbers accessing Accident & Emergency and other more acute services
- There will be effective and joined up services available for people with mental health issues who are discharged from hospital or care

To achieve this we will:

- Seek to ensure that services are approachable
- We will take a proactive preventative approach to make every contact matter and easy to access
- Engage with partners to ensure that services are effective and joined up

- Undertake a full assessment of need
- Provide housing advice, facilitating access to short and longer stay accommodation and support
- Provide clear and meaningful housing and support pathways
- Work with a range of partners to provide access to other services that promote health and wellbeing, employment, education and training opportunities

4. Provide Appropriate Accommodation Options

It is crucial that partners are able to facilitate access to appropriate accommodation to prevent and resolve homelessness in the short, medium and long term. To effectively achieve this, we need to:

- Facilitate access to the Private Rented Sector for all groups. Landlords should feel confident that tenancies are sustainable
- Ensure that allocations of housing in the social sector are needs led through the Homeseach Choice Based Lettings system
- Ensure that there are appropriate pathways into supported housing and also appropriate pathways into move on accommodation where this is appropriate.

Outcomes: How we will know we are there

- There will be a clear pathway in place to enable people to progress to secure and sustainable accommodation
- There will be fewer failed tenancies
- There will be effective engagement with the Private Rented Sector
- There will be less incidences of homelessness
- There will be fewer households in temporary accommodation

To achieve this we will:

- Seek to ensure that people have access to appropriate accommodation
- Continue to work effectively across the three Boroughs in the provision of temporary accommodation
- Ensure that a range of housing options are available and are used effectively
- Work with partners to support people to develop their independent living skills where appropriate
- Effectively engage with partners, including County Council, to further develop youth homelessness services
- Develop and strengthen partnerships with a range of housing providers and landlords, particularly the Private Rented Sector to build upon the range of housing and support options available to residents

5. Move People Away from Homelessness

It is essential that we seek to reduce incidences of repeat homelessness through enabling a range of options that will assist people in accessing education, training, employment or other appropriate support. This will assist people to move away from homelessness.

Outcomes: How we will know we are there

- Appropriate support will be in place to enable people to improve and maintain their independence
- There will be fewer incidences of repeat homelessness
- Opportunities will be taken to engage with partners to maximise projects relating to work and apprenticeships
- More homeless people will access education, training and employment opportunities

To achieve this we will:

- Seek to ensure people have access to appropriate housing and support
- Ensure that there are sufficient move on options from supported accommodation
- Seek to ensure that there is accessible support if tenancies start to fail

- Ensure there are clear links to health promotion, education, training and employment opportunities

Delivering the Strategy

The South Nottinghamshire Homelessness Strategy has been developed through the South Nottinghamshire Inter Agency Homelessness Forum, bringing together a wide range of statutory and voluntary agencies involved in preventing homelessness and providing services to homeless people. The action plan will be progressed, reviewed and updated by the Forum annually to measure progress through the South Nottinghamshire Inter Agency Homelessness Forum, which meets quarterly. The action plan will also take account of changes in Government policy and at a County level.

Delivery against the plan will be reported to Members in each of the three Councils and an annual update will be available on each Council website. The overall Homelessness Strategy action plan will be developed in partnership with partner organisations and will be in line with the priorities outlined above.

South Nottinghamshire Homelessness Strategy Action Plan 2017 - 18

The South Nottinghamshire Homelessness Strategy Action Plan is a live document and is updated at least annually through the South Nottinghamshire Inter-Agency Homelessness Forum to reflect changes in national and local priorities and resources.

What we will do	How we will do it	By when	Lead organisations
Work in partnership across the three Boroughs and with other partners to educate people in the reality and risks of being homeless	Continue to work with partners such as Broxtowe Youth Homelessness to develop the peer support offer in local schools to educate school children in the realities of the housing market	On-going	Broxtowe Youth Homelessness Broxtowe, Gedling and Rushcliffe Borough Councils
