**Cc:** New housing consultation  
**Subject:**

Good morning,

I went to the consultation meeting on Monday 6<sup>th</sup> March and talked with one of your representatives, who suggested I email you.

We are interested in the effect any new housing will have on the school population and any funding which may be available to help with any future development of the school to accommodate this.

Please could you keep us informed of any decisions made so that we can make plans if necessary?

Many thanks

Liz Wilson
