Keyworth residents for over 50 years

We support the contents and points raised in the letter of Helen Broadhurst of Vale Planning Consultants and especially the points about the location of residences for the elderly. These will be as far from the Health Centre as it is possible to get in your plans.

Elderly people need to be as close as possible to the centre of a town and its facilities including public transport.

Generally the impact of these additional houses on the village, its traffic and parking will be considerable as we have said repeatedly in other responses to these proposals.
