What makes a Local Plan “sound”?

- Positively prepared - the plan should be prepared in a way that meets the need for housing and other development, including infrastructure and business development.

Representations must be received by 5pm Thursday 28 June 2018. Representations received after this time will not be considered duly made.
Effective – the plan should be deliverable; the housing and other development should be capable of being carried out.

Consistent with national policy – the plan should enable sustainable development and be consistent with the policies in the National Planning Policy Framework (NPPF).

5. If you consider the Development Plan is UNSOUND, do you consider this to be because it is NOT: (please tick all that apply)

- Positively Prepared
- Justified
- Effective
- Consistent with national policy

6. Please give reasons for you answer to Questions 4(1), 4(2), 4(3) and 5, where applicable.

You may also use this box if you wish to make representations on one of the Local Plan Part 2’s supporting documents (e.g. Sustainability Appraisal, Habitat Regulations Assessment or Equalities Impact Assessment). You can attach additional information but please make sure it is securely attached and clearly referenced.

The statement that "well-being benefits of changes of use of open land to outdoor sport and outdoor recreation will constitute 'very special circumstances' which clearly outweigh the 'by definition' harm to the Green Belt'" is not consistent with the NPPF.

7. Please set out what change(s) you consider necessary to make the Local Plan Part 2 legally compliant or sound, having regard to your responses to Questions 5 and 6. You will need to say why this change will make the Local Plan Part 2 legally compliant or sound. It will be helpful if you could put forward your suggested revised wording of any policy or text. Please be as precise as possible.

(If you are suggesting that the Local Plan Part 2 is legally compliant or sound please write “Not applicable”).

Amend wording to "may constitute 'very special circumstances"
Rationale: NPPF states (para 88) "'Very special circumstances' will not exist unless the potential harm to the Green Belt by reason of inappropriateness, and any other harm, is clearly outweighed by other considerations". In other words, there must be an assessment on a case by case base of the harm / benefits of each proposal, rather than a presumption in favour of development in all cases.

8. If your representation is seeking a change, do you consider it necessary to participate at the hearing sessions of the Public Examination? (please tick one box only)
**Yes, I wish to appear at the examination**

If you have selected No, your representation(s) will still be considered by the independent Planning Inspector by way of written representations.

You can attach additional information but please make sure it is securely attached and clearly referenced.

Non compliant in its duty to co-operate with the emerging Gotham Neighbourhood Plan and with existing and planned national policy
Unsound as it has not followed existing and proposed national policy on use of smaller sites and housing numbers
Unsound in that it has not effectively evaluated alternative sites
Unsound in that it removes Green Belt land without meeting the 'exceptional circumstances' as required by the NPPF

National policy has indicated that Rushcliffe housing targets are 30% higher than they should be according to the formula set out in the 'Planning for the right homes in the right places' which sets out the housing targets for Rushcliffe at 600pa i.e. 10,200. Rushcliffe's own Core Strategy states that housing allocations in villages like Gotham should be for local needs only.
Barton in Fabis Parish Council fully supports the detailed comments made by Gotham Parish Council.

The policy fails to make reference to the positive potential to screen developments, particularly in the green belt, by the planting of trees.

There should be a requirement for the planting of any trees when screening a larger development to begin ahead of construction in order for trees to be maturer by the time of completion and a requirement for such screening to be maintained throughout the life of the development.
