

# Register a Food Business QR Code Guidance

## Microsoft Edge

1. Open your **Microsoft Edge** web browser.
2. Enter your relevant RAFB webpage (or any relevant webpage) that you would like to create a QR code for.
3. Left click in the white space of the URL bar, you will then see a four-square box appear on the far right of the URL bar.

4. Click the four-squared box to create your QR code.

5. To access the webpage via the QR code, open your smart phone camera and point it at the QR code. This will prompt you to open the associated webpage.
6. This image can be downloaded, attached to emails, printed to use on a clipboard (for inspections), etc.
