

## RUSHCLIFFE BOROUGH COUNCIL

APPLICATION FOR PRIVATE HIRE/HACKNEY  
CARRIAGE DRIVER'S LICENCE

## MEDICAL

To drive a taxi, you must be able to physically carry out the work required of a licensed driver. This may involve lifting heavy objects such as luggage and possibly people's wheelchairs. Certain medical conditions may mean that you are not capable of driving professionally and it is important that the Council know about such problems.

Therefore, you must have undertaken a medical examination at AC Medical Services Ltd prior to applying for your licence and provide the medical examination pass certificate at the time of your application.

All drivers licensed by the Council will be required to undergo a further medical examination at ages of 45, 50, 55, 60 and 65 and then annually after reaching 65 years of age, in line with DVLA requirements.

Applicants are advised to contact AC Medical Services Ltd directly to make a taxi medical appointment.
