Subject:22/00319/FUL - Conservation comments delayed

OFFICIAL

Dear Craig

I'm just writing to let you know that there will be a short delay to my comments for the above application due to these arriving just prior to a period of extended leave and then subsequent heavy workloads on my return. Coincidentally I received 3 requests for comments on solar farms within only a few days of each other and they each have a few hundred pages of information to review.

The requested return date for Conservation's comments is Sat 18 June 2022, but I will be out of the office tomorrow (Fri) so won't be able to get them to you before then. All being well I should be able to provide these to you next week (w/c 20 June 2022) – hopefully at the towards the beginning to middle of the week as they are 1 of 2 priority files. I'll put a note of the this on the public file.

Kind regards,

Sera

Ms Sera Baker BAH MA (She/Her), Conservation Officer
