Sir/Madam

Regarding the Tollerton Neighbourhood Plan

With reference to the map above, Notts Area Ramblers are in full agreement with the proposed route improvements for walkers (and cyclists). We note the real difficulties of establishing safe crossings of the A52 which will become even more challenging when the road becomes a dual carriageway as is planned.

The most northerly strategic cycling route on the above map has a particular problem in that there is a high steep bank down to the A52 that is hardly conducive to access for cyclists. In the future, this might be a good place for the siting of a bridge across the A52, however.

Yours sincerely
