Comments

No Objections, but would comment:-

- 1) Proposed widening of Wood Lane should include protection of the eastern hedge which was first created when this was an old drovers road.
- 2) Maintenance of the grass under the solar arrays should not be allowed by the use of weedkiller material - as we understand has been used at other solar farms.

Comments

Separately - we feel there needs to be a move away from eliminating food production land to be solar farms by the widespead organisation and encouragement of using existing roofs on all types of buildings to locate solar panels.
