

Conservation Area Townscape Appraisal

East Leake

1 The Sheepwash Brook and its grassy banks with mature trees forms a linear village green that winds past a pinfold, St Mary's Church, a war memorial, St Mary's Village Hall, a row of listed cottages and a large Victorian house (pictures above right). These features create the special character of East Leake's historic core.

	View of positive building or landscape
	Photos
	Panoramic (wide) view (medium to long distance)
	Listed Building
	Positive buildings (special architectural or historic character)
	Positive open spaces (landscape)
	Buildings with a negative impact
	Significant trees
	Significant groups of trees/woodlands
	Significant hedges
	Significant walls/railings/gates
	Conservation Area boundary

Note: A townscape appraisal is not a mapping exercise and the symbols illustrate the character of the area, rather than exact positions and sizes of individual features. No appraisal can be completely comprehensive and the omission of any particular building, feature or space should not be taken to imply that it is of no interest.

5 A view of the Mid 19th Century Grade II Listed Baptist Church with cottages on the left and wall on the right.

4 The sense of enclosure that is experienced along much of Main Street is lost here. This 'visual leakage' has a negative impact on the character of the area.

3 The Old Post Office is a Grade II Listed house positioned on a bend in the road that divides the Main Street character area from the historic core of the village. A strong sense of enclosure is created by this relatively tall building and the two Grade II Listed cottages opposite (picture 3).

2 The Old Post Office is a Grade II Listed house positioned on a bend in the road that divides the Main Street character area from the historic core of the village. A strong sense of enclosure is created by this relatively tall building and the two Grade II Listed cottages opposite (picture 3).
