INTRODUCTION

What is Safer Streets?

Safer Streets is a Home Office funded initiative to improve community safety in public spaces and also help to make people feel safer when they are out and about. It is particularly targeted at reducing neighbourhood crime and antisocial behaviour and preventing violence against women and girls.

Police and Crime Commissioners work in partnership with local councils to bid for funding, which can be used on projects such as new CCTV cameras, street lighting, and home security devices. Rushcliffe Borough Council plan to deliver a redeployable CCTV project in Bingham town centre with the support of Bingham Town Council and Nottinghamshire Police.

What is the money being spent on?

The Office of the Police and Crime Commissioner for Nottinghamshire secured £333,000 of funding for projects across the South Nottinghamshire Community Safety Partnership area, with nearly a third of this to be spent in Bingham.

Rushcliffe Borough Council and Bingham Town Council will use the funding to install seven new state-of-the-art, 4G redeployable CCTV cameras around Bingham market place, precinct and serving car parks.

Submit your views on the consultation for the consideration of the council's new re-deployable camera surveillance system.
