

### Radcliffe Park Rules

The following rules of occupation are for the good management of the park and the benefit of all who use them. These rules are Express terms of the agreement, by which you occupy your pitch in accordance with the current mobile Homes Act.

The rules have not been compiled to place unnecessary restrictions on residents, but rather to ensure that they may live peacefully and safely in unspoiled surroundings. As park home residents live in closer proximity with other residents than house dwellers, certain rules have been compiled for the residents; interests, others for safety reasons and others necessary to preserve the visual amenities of the park. We are sure that, provided the rules are accepted in the right spirit, our park will continue to be a harmonious safe community.
