

Dear Mr Bate,

Re: Land Registry Title Number NT59501

We, AM and V Skuriat, purchased the said land in 1979.

Since that date, we have held the said land and planted hundreds of native species of trees.

At no time have we let, leased, or relinquished ownership or control over the land and it remains in our legal possession.

Any claim contrary to the above statement is fraudulent and should be treated as such.

AM and V Skuriat
